## QUIZ - MATH GRADE 11SL

1. (6\%) Rational numbers are: $\qquad$
2. ( $10 \%$ ) True or False ( $-4 \%$ for wrong answer, $-2 \%$ for no answer):
a) Some Natural numbers are Real, some are not $\qquad$
b) Some Real numbers are Irrational $\qquad$
c) Natural numbers can be written as fractions $\qquad$
d) Write down a number that is real but not Integer: $\qquad$
e) Write down a number that is Natural but not Integer: $\qquad$
3. ( $18 \%$ ) Fill the chart with yes or no (a row has to be correct to obtain credit):

| Number | Natural | Integer | Rational | Real |
| :--- | :--- | :--- | :--- | :--- |
| $-0.1223334444 \ldots$ |  |  |  |  |
| -1556 |  |  |  |  |
| $\sqrt[3]{27}$ |  |  |  |  |

4. ( $16 \%$ ) Fill the gaps with appropriate numbers and yes or no where missing (a row has to be correct to obtain credit):

| Number | Natural | Integer | Rational | Real |
| :--- | :---: | :---: | :---: | :--- |
|  | yes | no |  |  |
|  | no | yes |  |  |
|  | no |  | yes |  |
|  |  |  | no |  |
|  |  |  |  |  |

5. (20\%)
a. (8\%) Fill the diagram with the appropriate Name and Letter:
b. (12\%) Write each one of the following numbers in the appropriate place:
0.558
-1
22
$\sqrt[3]{-8}$
$\sqrt{7}$
$\frac{6}{2}$

6. $(30 \%)$ If possible, convert the following decimal numbers into fractions, if not possible, explain why:
a. $(5 \%) 12.0102030405 \ldots=$
d. (7\%) $1.211211 \ldots=$
b. $(5 \%) 0.777 \ldots=$
e. ( $8 \%$ ) $2.1889889889 \ldots=$
c. $(5 \%) 0.777=$
